Business-US-USPS-	Use the US Postal Service Web Tools	[Download] [Browse]	03 Nov 2007

Stonehenge
About this course
• Selected topics by the working programmer based on Mastering Perl
• Mostly not about syntax or wizardly tricks
• Not for masters, but people who want to control Perl code
• Not necessarily the way to do it, just the way I've done it
• Create "professional", robust progr people can use
• We'll cover
• profiling
• benchmarking
• logging
• lightweight persistence

Stonehenge

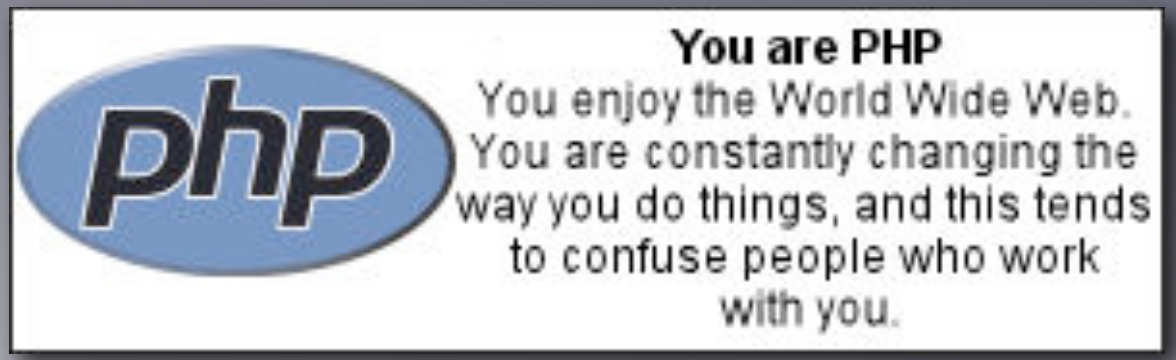
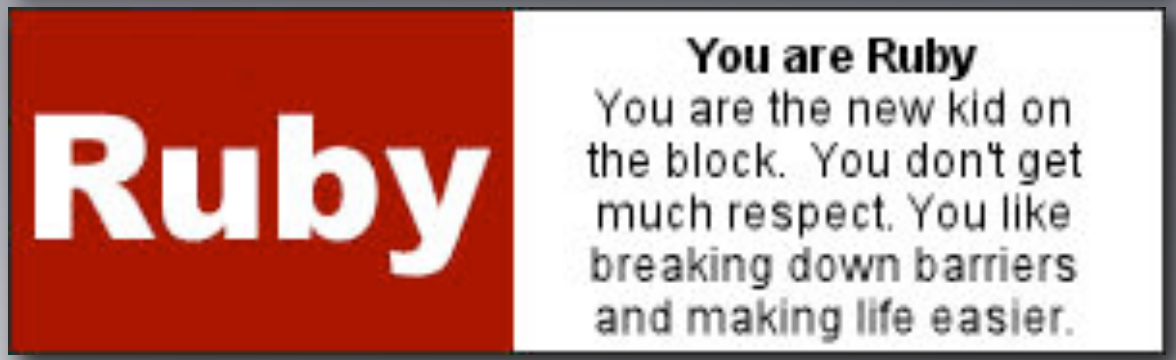
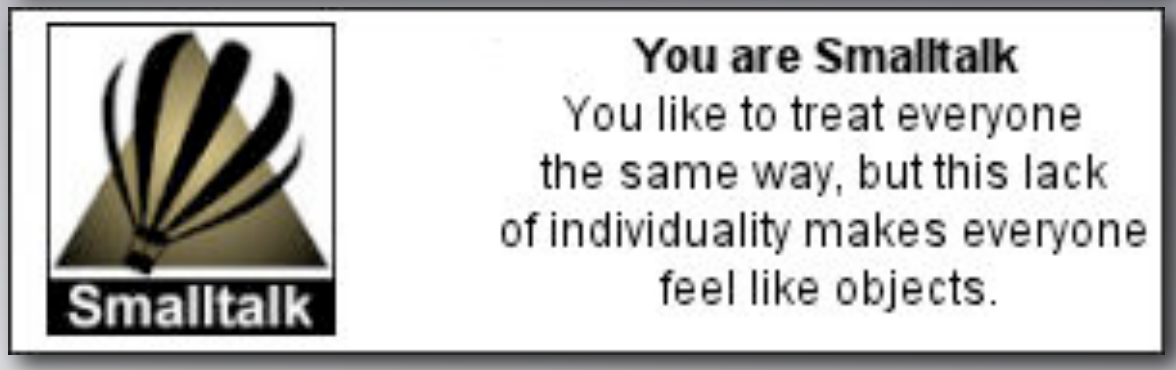
You are Perl

People have a hard time understanding you, but you are always able to help them with almost all their problems.







http://www.bbspot.com/News/2006/08/language_quiz.php

- The person who introduced me to Perl showed me that…
- I first starting using Perl to…
- I kept using Perl because…
- I can’t stop thinking about Perl…
- I’m still using Perl because…
- I get other people to use Perl by…
- I also program in … and …, but I like Perl better since…
